The Yearly Reports of Butte's Big Mining Companies.

SOME LOST ON THE YEAR

The Low Silver Market Has Crippled Many Splendid Properties—Others That Did Well on Copper.

BUTTE, July 28.—In accordance with the law which requires all mining companies to render annual statements to the county assessor of gross and net receipts, expenditures, ore extracted, cost of production, etc., for the purpose of taxation, nearly all companies have made their reports. The Anaconda company sent in its statement to-day and added nearly \$3,000,000 to the taxable values of the county. The statements are for the year ending June 30, 1894.

The following figures show the net proceeds or value in dollars, of the mines upon which taxes are paid, the returns of the Anaconda company being about 12 times more than those of all the other mining companies in the district combined:

The companies showing blanks claim a loss after deducting expenses from the gross receipts.

The Alce company shows total receipts of \$454,719, and disbursements amounting to \$456,300, making a loss for the year of \$1,581.

The Colorado Smelting & Mining company's return shows total receipts amounting to \$173,463, and expenses \$248,860, making a loss of \$75,397.

The Anaconda company's total receipts for the year were \$11,131,731, and the expenses \$8,303,642, leaving a net profit of \$2,828,089.

Some of the companies have not yet handed in their reports, and the reports of all are not as complete as the blank forms furnished them call for. The number of tons of ore extracted and mines for which reports are made on that subject are as follows:

STOCKS AND BONDS.

Duller Than Ever Known in the History of the Market.

New York, July 28.—There is very little to be said of today's stock market, which reached a point of stagnancy which a short time ago would have been considered impossible of attainment. With the total sales less than 40,000 shares, the speculation should not have been very interesting. In sugar, which was the leader in the market, the fluctuations were confined within a range of 3 per cent.

Money easy at 1 per cent.; sterling exchange firm at \$4.88½@4.89½ for demand; \$4.87½ for 60-day bills.

Butte Mining Shares.

As reported by W. H. Nichols & Brother for the week ending July 28.

The mining stock market closed with a good rally in all of the principal mining stocks; in fact all stocks have been very steady, with a special upward movement in Bi-Metallic, Ontario, Daily, Boston & Montana, Granite Mountain and DeLamar. Butte & American Developing and Mining company is our opinion that the market will continue to improve from now on, prices being so low that sharp rallies may be expected at any moment.

Our advice to all speculators, who are waiting to see what the next move of the Wall Street clique will be, is to buy now while it is possible to pick up the following stocks at the remarkable low price herein quoted:

A Deserved and Graceful Compliment.

BUTTE, Mont., July 26, 1894.
The colonel commanding the First Regiment Infantry, National Guard of Montana, takes this occasion to congratulate the officers and soldiers of the various companies composing the regiment, upon their prompt response to the call of the governor and commander-in-chief, when their services have been required.

On the 22d day of April last, the Coxey movement had attained such proportions as to menace the peace and good order of the state; the civil authorities were powerless to enforce the law, and the response made by the First Regiment to the call of the commander-in-chief, on this occasion, was most gratifying to him, and a matter of pride to all law-abiding citizens; that serious trouble was averted was largely due to the fact that the local guard by its prompt action, imbued the community with the feeling that you were ready and willing to meet the emergency and should the necessity arise, you constituted a force upon which the civil authorities could rely to preserve order and maintain peace.

On the 4th of July, last, when riot was threatened in the city of Butte, the officers and members of companies B, F and G hastily assembled, and, scarcely waiting to be organized, marched out into the streets and soon cleared them of the assembled throngs who were defying the civil authorities in their endeavor to restore order. It was due to your coolness, determination and soldierly bearing that the riot was brought about in so short a time; this, too, was accomplished without the firing of a shot or without injury to any one.

All this to your credit; a page in your history has been written, and when the time comes for writing a new one, let it add more lustre to the reputation you have so deservedly attained.

Your good conduct in the past has won the highest regard and confidence of your commander and he has no apprehension for the future. By order of

HARRY C. KESLER,

Colonel Commanding.

Geo. F. MARSH,

First Lieutenant and Adjutant.

Cable From Queen Lil.

Dear Gresham:—One more boon I crave,
I trust in your affection.
'Tis not to murder Old the Knave,
Or put down insurrection;
'Tis not my crown nor me to save,
I write in deep dejection,
And so a package I must have
Of Park's Tea for my complexion.

Sold by the Smith Drug Co., Anaconda, and

Parthen D'Acheul Drug Co., Butte.

Gresham's Answer to Queen Lil.

When I received your cablegram
I thought I sure would faint.
For though I often use Park's Tea
'Tis not for your complaint.
I fear that Mrs. G. would think
Wrong about our connection
Till her dresser there I saw
Park's Tea for her complexion.

Sold by the Smith Drug Co., Anaconda, and

Parthen D'Acheul Drug Co., Butte.
